

ALTERNATIVE DISTRIBUTION FINANCING (ADF) ADDS CREDIT SUISSE AS NEW INVESTOR

ZUG, SWITZERLAND, April 2018

Alternative Distribution Financing Ltd. ([ADF](#)), the financing arm of Global Supply Chain Finance Ltd. ([GSCF](#)), is glad to announce the addition of Credit Suisse (Switzerland) Ltd. as new investor.

Credit Suisse and ADF have signed an agreement that lays the ground for a strong relationship whereby Credit Suisse provides the liquidity for the financing of selected ADF-led transactions. Initially, Credit Suisse will be involved in accounts payable based financing programs also called Trade Payables Financing (TPF). Trade Payables Financing are individual facilities granted by ADF to companies across the world that wish to extend the payment terms of purchases from key suppliers without legally engaging the suppliers.

“Credit Suisse is very keen to participate in selected ADF-TPF programs and with this extend its trade financing offering to leading corporations in various industries. By participating in the ADF programs we are emphasizing our aim to reach a preferred trade finance partner status”, said Eric Balmer, Head of Credit Suisse Financing Solutions.

Kendall Stevens, CEO of GSCF Group commented: “We are very pleased with the addition of Credit Suisse as investor in our specialized financing entity ADF. It is another successful step towards consolidating ADF’s multi-funder strategy. The big advantage that this provides to companies is that they deal with one entity (ADF) and benefit from funder diversity”.
